**REVISED SUPPLEMENT TO AMENDED PETITION OF TELRITE CORPORATION
D/B/A LIFE WIRELESS FOR DESIGNATION AS AN ELIGIBLE
TELECOMMUNICATIONS CARRIER IN THE STATE OF WASHINGTON
PURSUANT TO 47 U.S.C. § 214(E)(2) ON A WIRELESS BASIS (LOW INCOME ONLY)**

On January 30, 2013, Telrite Corporation d/b/a Life Wireless (“Telrite” or the “Company”) submitted its Amended Petition requesting that the Washington Utilities and Transportation Commission (the “Commission”) designate Telrite as an Eligible Telecommunications Carrier (“ETC”) in portions of the State of Washington (the “Service Area”) for the purpose of receiving federal low-income universal service support for prepaid wireless services, specifically Lifeline. Telrite submits this supplemental filing to provide additional information supporting its request for designation as an eligible telecommunications carrier (“ETC”). the additional information set forth below is incorporated by reference into and further supports the application filed in this docket on January 30, 2013.

1. Telrite submits herein a revised list of the exchanges for which the Company is requesting ETC status in the State of Washington as a replacement for **Exhibit “A.”**

2. Telrite requests waiver from Wash. Admin. Code § 480-123-030(1)(d), (f), and (g).

a. **Wash. Admin. Code § 480-123-030(1)(d).** WAC § 480-123-030(1)(d) requires petitions for ETC designation to include a substantive plan of the investments to be made with initial federal support during the first two years in which support is received. This requirement applies to carriers that seek high-cost support to fund investments to their networks.

Telrite is requesting ETC designation in Washington solely for the purpose of participating in the Lifeline program as a prepaid wireless carrier. It is not seeking designation for the purpose of participating in the USF's high-cost program. Based on the foregoing, Telrite has no basis for filing an investment plan and should be exempt from WAC § 480-123-030(1)(d).

b. **Wash Admin. Code § 480-123-030(1)(f).** WAC § 480-123-030(1)(f) requires petitions for ETC designation to include a map in .shp format of proposed service areas (exchanges) with existing and planned locations of cell sites and shading to indicate where the carrier provides and plans to provide commercial mobile radio service signals. While Telrite does use its own facilities in combination with the Company's resale of services from underlying carriers, it does not own, control, nor plan to develop cell sites. Telrite's Service Area encompasses that of its underlying carriers in the State of Washington. As Telrite does not have access to the underlying carriers' maps of geographic service areas showing the location of cell sites, Telrite respectfully requests a waiver of the requirement under WAC § 480-123-130(1)(f) to provide coverage maps.

c. **Wash Admin. Code § 480-123-030(1)(g).** WAC § 480-123-030(1)(g) requires petitions for ETC designation on a wireless basis to include information that demonstrates its ability to remain functional in emergency situations including information that demonstrates it has at least four hours of back up battery power at each cell site, back up

generators at each microwave hub, and at least five hours back up battery power and back up generators at each switch. While Telrite possesses its own backup power generators at its facilities located in Georgia, Telrite resells facilities owned by AT&T in the State of Washington and, therefore, relies on the facilities of AT&T for backup battery power at each cell site, backup generators at each microwave hub, and backup battery and generators at each switch located in Washington. For these reasons, Telrite respectfully requests a waiver of the requirements of WAC § 480-123-030(1)(g) since AT&T maintains the appropriate level of backup power at each such site in Washington.

3. Telrite is a wireless ETC in the states of Arizona, Arkansas, Georgia, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, Nevada, Ohio, Oklahoma, Rhode Island, South Carolina, Texas, West Virginia, Wisconsin and Puerto Rico and has pending applications in California, Colorado, Kentucky, Massachusetts, Mississippi, Montana, New Jersey, North Dakota, Oregon, Pennsylvania, South Dakota, Utah, Vermont and Wyoming.

4. Telrite plans to offer an enhanced Lifeline plan to residents of tribal lands in Washington. The enhanced Lifeline plan will offer unlimited voice and text for \$1.00 per month. Attached as Exhibit B to this Supplement is a copy of the Enhanced Tribal Lifeline form.

WHEREFORE, premises considered, having demonstrated herein that Telrite satisfies all the conditions of eligibility necessary for designation as an ETC in the State of Washington, and having shown that the public and universal service interests of the telecommunications consumers of the State of Washington will be properly served, Telrite respectfully requests that

the Commission promptly grant this Petition and designate Telrite Corporation d/b/a Life Wireless as a wireless eligible telecommunications carrier.

Respectfully Submitted,

By:  _____
