15. Driver Inspection Violations

16. Relevant Carrier History:

17. Findings:

I conducted a compliance review for this provisional household goods carrier. The company has set up and maintains proper records for compliance with the safety regulations. Two paperwork violations were noted of the driver qualification files; the owner had not prepared a note relating to the medical examiner's listing on the national registry required by CFR 391.23(m). I inspected the moving truck during this review and it checked free of defects. A CVSA sticker was issued and the inspection has been up loaded to the federal database via Aspen. The carrier received a satisfactory safety rating.

18. Recommended Safety Action: 🗌 Yes 🖾 No

19. Is this carrier considered a high risk carrier as a result of this activity? \Box Yes \boxtimes No 20. Additional Comments:

I would recommend this company be considered for issuance of a permanent household goods permit.
