Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, handling, treatment, and disposal of medical waste. Unless otherwise provided herein, rates contained in this tariff apply to the transportation of biohazardous, biomedical, or infectious waste, including sharps, pathological waste, pharmaceutical waste, and chemotherapy waste defined in WAC 480-70-041. Unless otherwise specified, the rates include the following:

1. Use of EcoMed’s supplied containers or other containers that are within the guidelines of U.S. Dept. of Transportation, OSHA, and State and/or local regulations for medical waste (Biohazard waste) storage and transportation.
  2. Medical waste tracking and documentation
  3. Collection and transportation
  4. Treatment and disposal
- 

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following: The next regularly scheduled working day after the holiday for regularly scheduled pick-ups.

---

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change before implementation of the new pickup schedule.

---

Item 17 – Refunds

The transport operation to our Multicare Healthcare System customer is a complementary service and it is not for a compensation. There is no credit, overcharges, or refund to be processed to our customer. The medical waste hauling operations will be provided by contract only.

Item 20 – Definitions

*NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions. Companies wishing to add definitions specific to their company's operations must include those definitions on a separate page, entitled, "Company-specific definitions." A blank sheet is provided for that purpose.*

- Bale: Material compressed by machine and securely tarped or banded.
- Bulky Materials: Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
- Charge: A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
- Commercial Billing: Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
- Compacted Material: Material that has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the company.
- Compactor Disconnect/Reconnect Charge: A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
- Gate charge: A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.

Item 20 – Definitions, continued

Loose material: Material not set out in bags or containers, including materials that must be shoveled.

Multi-family residence: Any structure housing two or more dwelling units.

Packer: A device or vehicle specially designed to pack loose materials.

Pass through fee: A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

Permanent service: Container and drop-box service provided at the customer's request for more than ninety days.

Rate: A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.

Solid waste receptacle: includes the following items, with the following meanings:

**Automated cart** means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

**Can** means a receptacle made of durable, corrosion-resistant, nonabsorbent material that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons. A can may not weigh more than \_\_\_ pounds when filled.

**Cart** means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the company's equipment. The size and type of cart that is compatible will be established in each company's tariff.

**Container** means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

**Drop box** means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the company's vehicle by mechanical means and transported to a disposal site.

Item 20 – Definitions, continued

**Drum** means a metal or plastic container of approximately fifty-gallon capacity, generally used for oils or solvents. A drum may not weigh more than    pounds when filled.

**Litter receptacle** means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. A litter receptacle may not weight more than        pounds when filled.

**Micro-mini can** means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. A micro-mini can may not weight more than        pounds when filled.

**Mini-can** means a can made of durable, corrosion resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini-can may not hold more than twenty gallons. A mini-can may not weight more than        pounds when filled.

**Recycling bin or container** means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

**Toter** means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the company's equipment. The size and type of toter that is compatible will be established in each company's tariff.

**Unit** means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. A unit may not weigh more than   60   pounds when filled.

Where agreed on between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the company's tariff.

**Yardwaste bin or container** means a bin or container specifically designed or designated for the collection of yardwaste. Each company's tariff will refer to a specific type of yardwaste bin or container to be used by customers in a service area. The type,

Item 30 – Limitations of Service

1. **Schedules.** A company's schedule will meet reasonable requirements and will comply with local service level ordinances.
2. **Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.
3. **Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.
4. **Refusal of service.** (Except as set forth in Section 5, Missed service due to unsafe weather conditions road conditions, natural disaster or when government authority restricts access to local roads.)

A solid waste collection company may refuse to:

- Collect solid waste from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
  - Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions; or
  - Enter private property to pick up solid waste while an animal considered or feared to be dangerous is not confined. The customer will be required to confine the animal on service days.
5. **Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.** A company is not required to collect solid waste when the company determines that it is unsafe to operate due to weather conditions, road conditions, natural disaster, or when government authority restricts access to local roads. The company will collect on the next scheduled service date on which the company deems it is safe to operate, and will take other reasonable actions to resume or provide alternative service as soon as reasonably practicable.
    - a. The company is not obligated to extend credit to customers for missed service if the company collects the customers' accumulated solid waste on the next scheduled service date on which the company deems it to be safe to operate. The company will not charge for extra waste set out (except provided in Item 207, if applicable) in addition to customers' normal receptacle(s), if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.

The medical waste hauling operations will be provided by contract only.

- b. If the company does not collect a customer’s accumulated solid waste on the next scheduled service date on which the company determines it is safe to operate, the company is required to give a credit, proportionate to the customer’s monthly service charge, for all missed service(s).
  
- 6. **Packaging.** The company will not knowingly accept packaged or containers that are damaged or not properly packaged and labeled. The company may also reject any overfilled or overweight package. The company shall not knowingly accept or transport any shipment that does not meet regulatory requirement pertinent to packing, labeling, handling, and transport. Compacted materials shall not be accepted. Transporter reserves the right to modify standard boxes and containers sizes provided the disposal cost or cost per gallon equivalent is consistent with the tariff of the company. The company will provide the appropriate boxes/containers for medical waste and sharps as an option to the customer when signing up for a collection program. The customer is responsible for proper segregation and packaging of the medical waste
  
- 7. **Pick up.** The company may reject shipments that are not immediately available for pickups or readily accessible to the driver. Pick up area shall not be obstructed during collection’s time.
  
- 8. **On Call, Scheduled, and Minimum Services.** An on-call service is a non-routed, appointment only service. A scheduled service shall be any service which is regularly scheduled as to specific date(s) or day(s) each month with consistent frequency. A minimum service shall be any pick up service performed on a periodic schedule with a minimum charge per pickup. The company will also offer a periodic schedule to our regular route customers.
  
- 9. **Manifest.** All manifesting paperwork must be properly completed, verified, and appropriately signed by the generator. Manifest shall also be available at the time of pickup.
  
- 10. **Accepted and Prohibited Waste.** The company will only accept and transport authorized medical waste as defined under UTC license. Accepted waste includes biomedical waste/infectious waste, sharps, pathological waste, pharmaceutical waste, and chemotherapy waste. The company shall not knowingly accept or transport any materials or shipment which does not meet packing, labeling, and handling requirements imposed or required by law. The customer is responsible for proper segregation and packaging of the medical waste. In the event the company discover a load of nonconforming/prohibited waste, the company will isolate the identified hazardous or radioactive materials and contact the generator to remove the unaccepted waste at the customer’s expense.

The medical waste hauling operations will be provided by contract only.
