**Re: Service Area Expansion – West Richland Keene Road Corridor Expansion
 UG-190662-2nd Supplemental**

Dear Ms. Maxwell:

After consultation with Washington Utilities and Transportation Commission (“WUTC”) Staff, Cascade Natural Gas Corporation, (“Cascade” or “Company”), submits the attached Appendix A-12 map as supplemental information to UG-190662, Application to Amend its Certificate of Public Convenience and Necessity to Operate a Gas Plant for Hire in the West Richland Keene Road area located in Benton County, Washington. Please see attached UG-190662-CNGC-2nd Supplemental-Appendix A-12-12.08.21.pdf , which corrects the reference to Docket UG-190662 and replaces the original Appendix A-12 in the filing.

Cascade also provides the following answer in response to questions from the WUTC Staff in this docket:

1. How much of each project is paid for by the Company vs. customer for each of the five areas in Docket UG-190662 (calculated as tariff requires)?

Cascade paid for each project in total based upon the Company’s then current line extension tariff. No money was collected from any of the customers for each of the five areas in this docket.

The remaining questions posed by WUTC Staff in this docket regarding these projects will be provided as soon as possible.

If you have questions on this information, please contact me at (208) 377-6015.

Sincerely,

In the Community to Serve®

/s/ Lori Blattner
