RE: *In re Penalty Assessment Against Landtek Enterprises Inc., in the Amount of \$1,000 for Violation of RCW 19.122.055,*  
Docket DG-230011

TO ALL PARTIES:

On February 1, 2023, the Washington Utilities and Transportation Commission (Commission) issued a penalty assessment (Penalty Assessment) against Landtek Enterprises Inc. (Landtek or Company) for one violation of RCW 19.122.055(1)(a). In the Penalty Assessment, the Commission offered to suspend, and ultimately waive, an \$800 portion of the penalty subject to the conditions that: a) Landtek pay the remaining \$200 unsuspended portion of the penalty within 15 days of the Penalty Assessment; b) Company management attend Dig Safe training provided by the National Utility Contractors Association (NUCA) within 12 months of the date of the Penalty Assessment; and c) the Company commit no further violations of Chapter 19.122 RCW during those 12 months.

On February 6, 2023, the Commission received a request from Landtek to contest the violation. On March 28, 2023, the Commission issued Order 01 Denying Contest; Suspending Penalty Subject to Condition (Order 01). Order 01 imposed the condition that Landtek commit no further Dig Law violations for 12 months.

On May 16, 2024, the Commission issued a Penalty Assessment of \$2,500 to Landtek for one violation of RCW 19.122.055(1)(a) that occurred on January 30, 2024, in a docket DG-240311.

On June 5, 2024, Commission staff (Staff) filed a letter in this Docket informing the Commission of the Company's repeat violation. Staff recommends that the Commission impose the \$1000 penalty that was suspended because the Company incurred a repeat violation within the 12 month suspension period.

Due to the Company's failure to comply with the condition in Order 01, the \$1000 penalty that was suspended is now due and payable.
