Re: General Rate Increase Request
Olympic Water and Sewer, Inc
UTC Docket # 230132

Dear UTC Staff,

Further to our letter of April 11, 2023, the Village Council (PLVC) thanks the Commission for rescheduling the April 13 hearing on this matter to June 15. We are writing at this time to request a meeting with appropriate UTC staff members on some day during the week of May 15, either in Olympia or elsewhere at your convenience, to discuss (i) what information has (or has not) been provided by Olympic Water and Sewer, Inc. (OWSI) in support of its request and in response to staff's questions to OWSI about that request, (ii) staff's analysis of the information provided by OWSI and the reasons for staff's recommendations to the Commissioners about OWSI's request, and (iii) our concerns about OWSI's request and about the information provided to you by OWSI. If such a meeting can be arranged between appropriate UTC staff and two or three representatives of the Village Council, we would greatly appreciate it. Please let me know whether such a meeting can be arranged.

Yours truly,

G. David McDearmid, President
