LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Westgate Communications LLC d/b/a WeavTel (“the Company”) is able to function in emergency situations for both voice and broadband service. The Company has a reasonable amount of backup power to ensure functionality without an external power source. Backup power is provided to Manson Tandem/Earth Station through a fixed generator and batteries that provide it with 72 hours of emergency power. In addition, Stehekin Central Office/Earth Station has at least 72 hours of backup power via mobile generators and fixed batteries.

The Company has the ability to reroute traffic around damaged facilities. It has connectivity with the neighboring telephone exchange of Manson as well as the LATA tandem in Wenatchee which provide diverse options to reroute traffic in an emergency.

The Company is capable of managing traffic spikes resulting from emergency situations and has sufficient switching capabilities to handle such situations. In addition, the Company has developed and trained its staff on network preparedness plans in the event of an emergency.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau’s 2021 reasonable comparability benchmark for fixed residential local voice services is \$54.75.¹

As of January 1, 2021, the highest rate charged by Westgate Communications LLC d/b/a WeavTel (“the Company”) for fixed residential local voice service was \$25.00. When the federal subscriber line charge (\$6.50) is included, the total rate was \$31.50. Therefore, the Company’s pricing of fixed residential local voice services is less than the reasonable comparability benchmark of \$54.75.

¹ *Wireline Competition Bureau and Office of Economics and Analytics Announce Results of 2021 Urban Rate Survey for Fixed Voice and Broadband Services, Posting of Survey Data and Explanatory Notes, and Required Minimum Usage Allowance for Eligible Telecommunications Carriers*, WC Docket No. 10-90, Public Notice, 35 FCC Rcd 13667 (2020).

LINE 1030 – BROADBAND SERVICES RATE COMPARABILITY

Westgate Communications LLC d/b/a WeavTel (“the Company”) does not presently have access to terrestrial backhaul in its study area and is compelled to rely exclusively on satellite backhaul. Therefore, under Sec. 54.313(g) of the FCC’s rules, the Company is not expected to offer broadband service that meets the Commission’s standard broadband public interest obligations.

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Residential customers of Westgate Communications LLC d/b/a WeavTel (“the Company”) who qualify for the Lifeline program receive a discount of \$6.50 on local voice telephony service

In all of the Company’s exchanges, the Lifeline single-line residential rate, including the federal subscriber line charge (“SLC”), is \$25.00. This is the \$31.50 standard rate minus the \$6.50 federal SLC (*which is not fully covered by the \$5.25 federal Lifeline discount for voice-only service*).

All single-line residential customers, including Lifeline customers, have an unlimited number of minutes for calls made within their local calling area.

Toll charges for calls outside of the local calling area are determined by the long distance carrier of the customer’s choosing. Customers may elect to subscribe to toll blocking at no charge.

Lifeline program reductions do not apply to additional services such as custom calling features. Lifeline customers may subscribe to these services, where available, at the same rates offered to other customers.

The Company provides additional information on the Lifeline program at: <http://weavnet.com/>.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
