PUBLIC COUNSEL DATA REQUEST NO. 044

PUBLIC COUNSEL DATA REQUEST NO. 044:

Re: PSE's Response to Public Counsel Data Request No. 5.

The response to Public Counsel Data Request No. 5, under the heading "Wrapped Steel Service Assessment Program," states: "The initial goal of WSSAP was to replace all services originally identified in the two highest priority categories (Priority and Scheduled Replacement) by December 31, 2010." Please state whether that goal was met, and if not, the current schedule for completion of the goal.

Response:

Puget Sound Energy, Inc. has remediated all services that were originally identified in the two highest priority categories except two. One of these services is delayed due to a permitting issue and the other is due to a customer issue. Both will be replaced or retired as soon as the issues are resolved.
