The purpose of this filing is to remove the Tenaska amortization amount that was included in base rates until May 1, 2010, and also shown on tariff sheets as being removed on May 1, 2010. The Tenaska amortization amount is being recovered, beginning on May 1, 2010, through Schedule 133, Regulatory Asset Tracker. The Commission's Order No. 11, Rejecting Tariff Sheets; Authorizing and Requiring Compliance Filing, in consolidated Docket Nos. UE-090704 and UG-090705 (the "Order") required recovery of the Tenaska amortization through a tracker; however, the Company could not implement such a tracker coincident with the compliance filing. Instead, temporarily until May 1, 2010, the amounts due to the Tenaska amortization were included in base rates. The base rates also included a provision reducing rates on May 1, 2010, by the amount of the amortization. This filing clarifies the above tariff sheets, but does not make any changes to rates as the Tenaska amortization amount was removed from rates on May 1, 2010, by the terms of the tariff sheets.

The enclosed tariff sheets reflect issue dates of April 14, 2010, and effective dates of May 1, 2010. Posting of proposed tariff changes, as required by law and the Commission's rules and regulations, is being completed immediately prior to or coincident with the date of this transmittal letter through web, telephone and mail access in accordance with WAC 480-100-193. In accordance with WAC 480-80-123(3)(d) this filing does not require statutory notice as the change does not affect the public and is only being made to clarify the above tariff sheets.
