Description	<p>I believe we should have fair rates for the Highlands (x gallons/mo in Rosario costs the same as x gallons/mo in the Highlands), and that the \$100,000 price for 10AF of water is unsubstantiated and grossly unfair to ratepayers. I want the cost over-runs and loan balance to be absorbed by Rosario Utilities because of a demonstrated lack of "prudence" At a minimum they should not be allowed to be converted into equity and give the company a higher rate of return. All of these issues violate the mission statement of the UTC, which says in part that they will: "Ensure essential consumer protection through fair rates, compliance with service quality and equitable business practice standards, and reliability of delivery systems."</p> <p>Rosario's development plan should not be paid for by the current subscribers, the rate increase is OFF THE CHARTS and GROSSLY UNFAIR TO ALL PROPERTY OWNERS~!! Why should water in Rosario cost so much more than any where else on Orcas Island? Once again they are raking the property owners over the coals! Please help us stop this pilage!</p> <p>Kate Wood Property Owner in Rosario</p>
