**UTC STAFF DATA REQUEST NO. 2:**

*Has Pacific Cruises Northwest, LLC ever contracted, chartered, or had an agreement with Arrow Launch Service, Inc. to provide launch service?*

**Pacific Cruises Northwest, Inc. Response to Data Request No. 2:**

No, Pacific Cruises Northwest, Inc. has never contracted, chartered, or had an agreement with Arrow Launch Service, Inc. to provide launch service.

However, to avoid any confusion, Island Commuter Service, LLC, as a 50% owned subsidiary of Pacific Cruises Northwest, Inc. did charter a US Coast Guard certified vessel in 2000 to Arrow Launch Service, Inc.

In agreeing to the temporary charter, it was Island Commuter Service, LLC's understanding that this was a proactive response on the part of Arrow Launch Service, Inc. to assure there would be no impact to its launch service customers as a result of the Olympic Pipeline explosion and its corresponding effects on marine transportation at the time.
