Note

-
1. Land isn't depreciated (highlighted in Grey)
 2. Negative book value is possible because PSE doesn't adjust the depreciation rate until approved by the WUTC.
 3. Colstrip 1&2 ARC needs to be included from the estimated net investment calculation.
 4. Colstrip 1&2 should be closed on or before July, 1 2022 based on the contract with Sierra Club.
 5. ARC Depreciation Monthly Calculation: the end of depreciation life for ARC is December 2040 for Colstrip 1&2 because PSE hasn't received an authorization from WUTC. The termination date will be updated when PSE receive the updated information.

Remaining Life	285.00
ARC as of 03/2017	53,701,781.43
Monthly ARC Depreciation	188,427.30

6. February 2017 adjustment was only for the ARC correction. The additional addition of \$1.9M in January was not included in the calculation.
