RE:

Negotiated Second Amendment to the Wireline Interconnection Agreement between MCI Worldcom Communications, Inc. f/k/a MFS Intelenet, Inc. and U S WEST Communications. Inc.

Dear Ms. Washburn:

In accordance with the Order on Arbitration Procedure in Docket No. UT-960269, attached for your approval are eight (8) copies of the Second Amendment to the Interconnection Agreement between MCI Worldcom Communications, Inc. f/k/a MFS Intelenet, Inc. ("MFS") and U S WEST Communications, Inc. ("U S WEST"). U S WEST and MFS negotiated this Amendment for interconnection under the terms of the Telecommunications Act of 1996. Also enclosed is Request For Approval Of Second Amendment to Interconnection Agreement.

The parties respectfully request that this matter be placed on the next Consent Agenda for expedited approval.

The Order on Arbitration Procedure also requests that a proposed order accompany the filing. U S WEST requests a waiver of that requirement, and is not providing one with this filing, as the Commission has, in the past, used its own format for Orders. If this is not satisfactory to the Commission please contact me and I will forward a proposed order immediately.

Please contact me at (303) 793-6605 if you have any questions concerning the enclosed. Thank you for your assistance in this matter.

Sincerely,

Kristine B. Macneal

SECOND AMENDMENT TO INTERCONNECTION AGREEMENT 11 12

I. INTRODUCTION

Pursuant to Section III of the Interpretive and Policy Statement Regarding Negotiation, Mediation, Arbitration, and Approval of Agreements under the Telecommunications Act of 1996 ("Interpretive and Policy Statement") issued by this Commission in Docket No. UT-960269, U S WEST Communications, Inc. ("U S WEST") and MCI Worldcom Communications, Inc. f/k/a MFS Intelenet, Inc. ("MFS") hereby submit for approval by the Washington Utilities and Transportation Commission ("Commission" or "WUTC") the attached Second Amendment to Interconnection Agreement dated November 19, 1999 (the "Amendment"). This amendment supplements the original interconnection agreement between MFS and U S WEST which was approved by the Commission on January 8, 1997 in Docket No. UT-960323. This amendment

modifies sections of the original agreement regarding traffic reports. This Amendment deletes Section VI.I.2(b) of the interconnection agreement and inserts Section VI.I.6 at the end of Section VI.I.5.

The original Agreement set forth terms, conditions and prices under which U S WEST agreed to provide services for resale and certain Unbundled Network Elements, Ancillary Functions and additional features in each LATA in which both U S WEST and MFS operate within the state of Washington. The Agreement also had terms, conditions and prices under which the parties agreed to provide interconnection and reciprocal compensation for the exchange of local traffic for the purpose of offering telecommunications services. The Agreement stated that the pricing for these services was subject to the outcome of the Commission's determination in the Generic Pricing Docket, UT-960369, et al.

This Amendment was reached through voluntary negotiations between representatives of both companies. It is submitted for approval pursuant to Section 252(e) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the "Act") and the requirements of the Commission's Interpretive and Policy Statement.

II. REASONS FOR APPROVAL

Section 252(e)(2) of the Act directs that a state commission may reject an Agreement reached through negotiation and/or arbitration only if the Commission finds that:

- 1) The Agreement (or portions thereof) discriminates against a telecommunications carrier not a party to the Agreement; or
- 2) The implementation of such Agreement or portion is not consistent with the public interest, convenience and necessity.

REQUEST FOR APPROVAL OF SECOND AMENDMENT

U S WEST and MFS respectfully submit that the Amendment provides no basis for either of these findings and thus request that the Commission approve the Agreement expeditiously. First, the Amendment does not discriminate against any other telecommunications carrier. There is no finding that the terms of this Amendment are more favorable than terms provided to other carriers.

Second, the Amendment is consistent with the public interest as identified in the procompetitive policies of the state of Washington, the WUTC, the U.S. Congress and the Federal Communications Commission. In addition, because this Agreement does not discriminate against any other telecommunications carrier, state law policies prohibiting unreasonable discrimination are preserved by approval of this Amendment.

For the foregoing reasons, U S WEST and MFS submit that approval of this Amendment is warranted because it satisfies the state and federal criteria for approval.

III. UNDERSTANDING AND AGREEMENT OF PARTIES

With respect to the Amendment, the Parties understand and agree that this amendment modifies sections of the original agreement regarding traffic reports.

IV. CONCLUSION

For the foregoing reasons, U S WEST and MFS respectfully request expeditious approval of the Amendment. Both Parties request approval earlier than the 90 day time period allowed for by the Interpretive and Policy Statement, in order to facilitate the immediate availability of additional local exchange competition between U S WEST and MFS.

Respectfully submitted this 8th day of December, 1999.
