**BACKGROUND**

- 1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of negotiated first and second amended agreements (collectively the Amended Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Amended Agreement is between Global Connection Inc. of America (Global) and Qwest Corporation (Qwest).
- 2 On December 8, 2004, the parties filed a joint request that Global receive all arrangements provided in an interconnection agreement previously approved by the Commission between AT&T Communications of the Pacific Northwest, Inc., and Qwest in Docket UT-033035. The Commission accepted this request on December 29, 2004. On April 12, 2000, in Docket UT-990355 – Interpretive and Policy Statement regarding Section 252 (i) of the Telecom Act – the Commission concluded that amendments to original adopted agreements would be deemed new agreements under the Telecom Act and must be submitted to the

Commission for approval. The parties filed a joint request for approval of first and second amendments on December 8, 2004.

### FINDINGS AND CONCLUSIONS

- 3 (1) The Commission is an agency of the State of Washington vested by statute with the authority to regulate public service companies, including telecommunications companies. *RCW 80.01.040; Chapter 80.04 RCW and Chapter 80.36. RCW.*
- 4 (2) Section 252(e)(1) of the Telecom Act requires parties to a negotiated agreement to submit the agreement to the Commission for approval. Section 252(e)(2)(A) states that the Commission may only reject an agreement (or any portion thereof) adopted by negotiation if it finds that:
- 5 (i) the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- 6 (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.
- 7 (3) Qwest is engaged in the business of furnishing telecommunications services including, but not limited to, basic local exchange service within the state of Washington.
- 8 (4) Global is authorized to provide telecommunications services to the public in the state of Washington.
- 9 (5) On December 8, 2004, the parties filed with the Commission a joint request that Global receive all arrangements provided in an

interconnection agreement previously approved by the Commission between AT&T Communications of the Pacific Northwest, Inc., and Qwest in Docket UT-033035. The Commission accepted this request on December 29, 2004. On April 12, 2000, in Docket UT-990355 – Interpretive and Policy Statement regarding Section 252(i) of the Telecom Act – the Commission concluded that amendments to original adopted agreements would be deemed new agreements under the Telecom Act and must be submitted to the Commission for approval.

- 10 (6) On December 8, 2004, the parties filed with the Commission a joint request for approval of first and second amendments to the previously approved interconnection agreement, pursuant to the Telecom Act.
- 11 (7) Global and Qwest voluntarily negotiated the entire amendment.
- 12 (8) The Amended Agreement between Global and Qwest was brought before the Commission at its regularly scheduled meeting on January 26, 2005.
- 13 (9) The Amended Agreement does not discriminate against any other telecommunications carrier.
- 14 (10) The first amended agreement is intended by the parties to give contractual effect to the parties' interpretations of the Federal Communications Commission's (FCC) Triennial Review Order<sup>1</sup>, the US Court of Appeals USTA II Decision<sup>2</sup>, and the FCC's Interim Rules<sup>3</sup> without need for further

- 19 (15) After examination of the proposed Amended Agreement filed by Qwest and Global on December 8, 2004, and giving consideration to all relevant matters, the Commission finds the proposed Amended Agreement should be approved.
