RE: Penalty assessment payments

Sheri,

Sorry It took so long to get back to you as I am not checking this email as often.

Marathon Communication Inc, is no longer providing services to customers. We have closed out our bank account with B of A and transfered the customers to another carrier. They have insured a smooth transition and followed the proper notification process. There where no customer complaints that I was made aware of.

We request that the commission withdraw our tariffs and certifications as the company no longer plans to do business.

Unfortunately due to the companies financial position and the fact it is no longer in operation, we are unable to pay the fines or any other fees.

If you have any questions I will be checking this email from time to time.

Thank you
Marcos

Lisa,

What is Marcos' phone number? I do not have it. I sent him a direct email as well, on Tuesday, and haven't received a response from him.

Thanks,
Sheri

Lisa,

It's been two days since I've heard from you. When will you be responding to me regarding Marathon's delinquent payments towards the \$16,300 penalty assessment?

Sheri,

I was not in the office yesterday so am just now getting your message.

I will check with Marcos and our Accounting department to determine what the status of payment is and either call you or have Marcos call you as soon as possible.

Good afternoon Lisa.

I left you a voicemail message just a while ago but thought I would follow up with an email. Could you please give me a call about Marathon's monthly payments for the \$16,300 penalty assessment? The order granting the payment plan indicated the first payment of \$1,358.33 was due July 31, 2006, however, I can't find record of any payments from Marathon having been received by the commission. It would appear that Marathon is in violation of the commission's order at this time.

Please call me at 360-664-1149 so we may discuss it further. I'm in the office until 4:30p.m.

Thank you,
Sheri
