RE: Docket No. TV-051913

Dear Ms. Washburn:

I received your letter of February 10, 2006, requesting that any additional information I may have to submit should be done so by February 21, 2006. At this time we do not have any additional evidence to submit to the commission.

However, in regard to the costly penalty which is being assessed I would formally ask that the commission allow us to make time-payments. Currently, we are just nearing the end of our slower season in the moving and storage industry and therefore available cash is very constrained.

Thank you for your time and I look forward to your response in regard to this request.

Sincerely,

Chris Jennings
