Re: **Docket No. UT-053030 and WAC 380-120-399(2)**

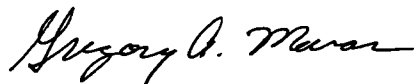

Dear Ms. Washburn:

Pursuant to the requirements contained in the Commission's Order entered in Docket No. UT-013047 ("Certification Order"), Inland Telephone Company hereby submits the Affidavit concerning the offering of services and the use of funds under 47 C.F.R. §54.314. The purpose of this filing is to allow the Washington Utilities and Transportation Commission to certify to the Federal Communications Commission and the Universal Service Administrative Company that Inland Telephone Company qualifies for continued receipt of federal support during 2006.

Copies of the advertisements concerning the availability of supported services and Lifeline and Link-up are attached. These advertisements were done both as Legal Notices and standard advertisements. We are also sending to you a poster that we have in our commercial offices.

If there are any questions concerning the foregoing, please contact me at (509) 649-2211.

Sincerely,

Gregory A. Maras
Secretary

**AFFIDAVIT CERTIFYING USE OF
UNIVERSAL SERVICE FUNDS**

I, Gregory A. Maras, being of lawful age and duly sworn, on my oath state that I am Secretary of Inland Telephone Company ("Company"), that I am authorized to execute this affidavit on behalf of the Company, and that the facts set forth in this affidavit are true to the best of my knowledge, information and belief. I hereby certify to the Washington Utilities and Transportation Commission ("Commission"), for use by the Commission in providing the certification to the Federal Communications Commission and Universal Service Administrative Company required by 47 C.F.R. § 54.314, as follows:

(1) that during the calendar year 2004, the Company provided the supported services required by 47 U.S.C. § 214(e) and as described in the Commission Order granting the Company Eligible Telecommunications Carrier ("ETC") status;

(2) that during the 2004 calendar year, the Company advertised the availability of supported services and the charges for them as required by 47 U.S.C. § 214(e) and as described in the Commission Order granting the Company ETC status;

(3) that the Company is eligible to receive federal high-cost universal service support from the sources described in 47 C.F.R. § 54.314;

(4) that funds from the sources described in 47 C.F.R. § 54.314 received by the Company will be used only for the provision, maintenance, and upgrading of the facilities and services for which the support is intended;

(5) that the amount of federal high-cost universal service fund support received by the Company for the calendar year 2004, and recorded through March 1, 2005, was \$1,625,662; and

(6) the loop counts on which federal high-cost universal service support received by the Company for the calendar year 2004 was based were as follows: for the first quarter of calendar year 2004, 2,790; for the second quarter of calendar year 2004, 2,790; for the third quarter of calendar year 2004, 2,790; and for the fourth quarter of calendar year 2004, 2,790.

Inland Telephone Company has been the local telephone company serving the Prescott, Washington exchange since approximately 1951. During the intervening years, we have worked hard to build a telephone system that would provide high quality telecommunications services to the communities we serve. We have done this, notwithstanding the higher costs of serving rural areas in the State of Washington and when few, if any, other telephone companies were interested in serving our communities. We have served and intend to continue to serve both residential and business customers in our service area with high quality telecommunications services at attractive and affordable rates. The basic services offered by Inland Telephone Company in its Prescott, Washington exchange are comprised of several components. At a minimum, these include:

Service Offered	Residence	Business
Single-party, voice grade access to the public switched network, including an unlimited amount of local usage (basic grade of service)	\$16.50 **/****	\$26.50 **
	\$26.00 **/****	\$33.60 **

Dual tone multi-frequency signaling or its functional equivalent (i.e. tone dialing)

No additional charge
There is no additional charge by Inland Telephone Company to end user customers for the ability to access emergency 911 services.****

Access to emergency 911 services

There is no additional charge by Inland Telephone Company to end user customers for the ability to call the operator. However, the call may involve a charge depending on the service requested and the rates of the company whose operator handles the call.

Access to interexchange (long distance services)

There is no additional charge by Inland Telephone Company to end user customers for calls through long distance networks of interexchange carriers that offer service through our network. However, the call may involve a charge from the interexchange (long distance) carrier depending on the type of call.

Access to directory assistance

There is no additional charge by Inland Telephone Company to end user customers for the ability to call Directory Assistance. However, the call may involve a Directory Assistance charge, the amount of which depends on the area called and the rates of the company whose operator is accessed.

Toll limitation service for qualifying low-income customers

There will be no additional charges by Inland Telephone Company to qualifying low-income customers for toll blocking service. Qualifying low-income customers are generally those participating in the Lifeline program.

* The charges set forth are subject to change, and in some instances are subject to change without notice. Certain non-recurring charges may also apply to installation or change of service.

** Applicable Federal, State, County and municipal taxes and surcharges, including a federally-mandated end user surcharge per line, are in addition to these amounts.

*** Discounts off of this rate are available to qualifying low-income customers.

**** State and County taxes apply per line to fund the provision of this capability.

These services are available to all qualifying subscribers of Inland Telephone Company. The charges for these services are reflected each month on your normal telephone bill, and may be accompanied by charges for other services provided by Inland Telephone Company. The services listed above are those that Inland Telephone Company offers and must advertise in order to be eligible for federal support funds that are used to help offset the high cost of serving rural areas and bringing affordable telephone service to residences and businesses in rural areas. Other services are available by contacting Inland Telephone Company's business office at Uniontown, Washington (509) 849-2211.

The charges for these services are reflected each month on your normal telephone bill, and may be accompanied by charges for other services provided by Inland Telephone Company. The services listed above are those that Inland Telephone Company offers and must advertise in order to be eligible for federal support funds that are used to help offset the high cost of serving rural areas and bringing affordable telephone service to residences and businesses in rural areas. Other services are available by contacting Inland Telephone Company's business office at Roslyn, Washington (509) 649-2211.

Lifeline and Link-Up Programs: The Company participates in the Federal Lifeline and Link-Up programs, as well as the Washington Telephone Assistance Program ("WTAP"). Under these programs, the Company offers to qualifying low-income customers a discount off of the monthly rate for one basic residential exchange service and a discount off of the non-recurring charge to install that basic residential exchange service line. For service on non-tribal reservation lands, the Company's current discounted monthly rate for qualifying low-income residential service is \$8.70, while the installation charge for such service may be discounted under the Link-Up program and WTAP by up to \$33.00.* Additional discounts may apply for service to qualifying low-income customers on tribal reservation lands.

- * The charges set forth are subject to change, and in some instances are subject to change without notice. Certain non-recurring charges may also apply to installation or change of service.
- ** Applicable Federal, State, County and municipal taxes and surcharges, including a federally mandated end user surcharge per line, are in addition to these amounts.
- *** Discounts off of this rate are available to qualifying low-income customers.
- **** State and County Taxes apply per line to fund the provision of this capability.

Inland Telephone Company has been the local telephone company serving the Roslyn, Washington exchange since approximately 1959. During the intervening years, we have worked hard to build a telephone system that would provide high quality telecommunications services to the communities we serve. We have done this, notwithstanding the higher costs of serving rural areas in the State of Washington and when few, if any, other telephone companies were interested in serving our communities.

We have served and intend to continue to serve both residential and business customers in our service area with high quality telecommunications services at attractive and affordable rates.

The basic services offered by Inland Telephone Company in its Roslyn, Washington exchange are comprised of several components. At a minimum, these include:

Service Offered	Monthly Charge*	
	Residence	Business
Single-party, voice, grade access to the public switched network including an unlimited amount of local usage (basic grade of service)	\$13.80*** Base Rate \$17.75*** Rural Rate	\$24.00** \$29.00**
Dual tone multi-frequency signaling or its functional equivalent (i.e. tone dialing)	No additional charge	
Access to emergency 911 services	There is no additional charge by Inland Telephone Company to end user customers for the ability to access emergency 911 services.	
Access to operator services	There is no additional charge by Inland Telephone Company to end user customers for the ability to call the operator. However, the call may involve a charge depending on the service requested and the rates of the company whose operator handles the call.	
Access to interexchange (long distance services)	There is no additional charge by Inland Telephone Company to end user customers for the ability to place and receive calls through long distance networks of interexchange carriers that offer service through our network. However, the call may involve a charge from the interexchange (long distance) carrier depending on the type of call.	
Access to directory assistance	There is no additional charge by Inland Telephone Company to end user customers for the ability to call Directory Assistance. However, the call may involve a Directory Assistance charge, the amount of which depends on the area called and the rates of the company whose operator is accessed.	
Toll limitation service for qualifying low-income customers	There will be no additional charges by Inland Telephone Company to qualifying low-income customers for toll blocking service. Qualifying low-income customers are generally those participating in the Lifeline program.	

The charges set forth are subject to change, and in some instances are subject to change without notice. Certain non-recurring charges may also apply to installation or change of service.

** Applicable Federal, State, County and municipal taxes and surcharges, including a federally mandated end user surcharge per line, are in addition to these amounts.

*** Discounts off of this rate are available to qualifying low-income customers.
