Subject: Docket No. A-101474
Rulemaking to Consider Modification of Existing Rules for Access to Public Records
Comments of Puget Sound Energy, Inc.

Dear Mr. Danner:

Puget Sound Energy, Inc. ("PSE") appreciates the opportunity to participate in the Commission's rulemaking to consider the need to develop new rules and/or modify existing rules in WAC 480-04 (Public Access to Information and Records) to reflect recodification of the Public Records Act, address additional legislative changes to the Public Records Act, and to improve and clarify the agency's internal processes regarding public records. In response to the Commission's *Notice of Opportunity to File Written Comments* dated September 24, 2010 in Docket No. A-101474, PSE proposes no specific revisions to existing rules at this time but is interested in issues regarding confidentiality.

As part of its many filings to the Commission, PSE submits documents that are confidential or under the provisions of a protective order (WAC 480-07 Procedural Rules). Revisions to disclosure rules may affect these filings and the manner in which they are submitted and stored. Therefore, PSE looks forward to further discussions on these and other issues to be addressed and reserves the right to provide comments during the course of this proceeding. Please direct any questions to Lynn Logen at (425) 462-3872 or the undersigned at (425) 462-3495.

Sincerely,

/s/ Tom DeBoer
