Re: TG-101536, Harold LeMay Enterprises, Inc. d/b/a City Sanitary, Joe's Refuse and White Pass
Garbage Company – PLEASE DO NOT REDOCKET

Dear Mr. Danner:

Please find enclosed substitute tariff pages for Tariff 9.3 for the above-captioned rate filing by Harold LeMay Enterprises, Inc. d/b/a City Sanitary, Joe's Refuse and White Pass Garbage Company ("the Company"). These pages reflect the proposed settlement of this general rate filing that has tentatively been agreed to by the Commission staff and the Company and which is now scheduled to come before the Commissioners at the Open Meeting on Thursday, October 28, 2010.

The Company duly noticed all of its affected customers in this matter in September and in those notices informed its all affected customers that the rates to be established by the Commission could be higher or lower than was originally noticed. Because some of the negotiated rates in this settlement now involve rates that are higher and lower than the original notice, the Company requests a waiver of WAC 480-70-276 in order to allow the tariff pages to become effective on their originally intended date of November 1, 2010. Moreover, because some of the revised rates will result in increases above the levels the Company originally proposed and noticed its customers, the Commission also requests a waiver of WAC 480-70-271 to allow those rate levels to become effective on less than 30 days' notice and, thus, the Company asks for a technical waiver of the application of rules in both WAC 480-70-276 and WAC 480-70-271.

Finally, the Company asks the Commission to permit it to notify its customers of the negotiated proposed revised rate levels on the customers' next regular billing cycle.

David Danner, Executive Director and Secretary
