Gentlemen:

I am in receipt of your "Penalty Assessment Order" (DOCKET UW-120867) bearing a service date of September 13, 2012 and requiring payment of a penalty in the amount of \$450 within ten days (September 23, 2012). Although we disagree with the findings and pretense of leniency (the assessed penalty simply honors UTC's letter of May 14, 2012) we have enclosed the penalty fee of \$450. We previously filed the 2011 and 2012 (effective June 9, 2012) reports as delineated in the "Order". Please acknowledge completion of all "condition" requirements of the "Order".

We continue to seek deregulation from the UTC in order to preserve the integrity and survival of the water company. We believe opening and closing a file drawer "on time" (May 1) is subservient to meeting the needs of our customers.

Sincerely yours,

Dennis Burke, PE
