BACKGROUND

1 On June 11, 2015, Rabanco LTD dba Sea Tac Disposal, (Sea Tac Disposal or Company) filed the following documents with the Washington Utilities and Transportation Commission (Commission): (1) a report of its 2014-2015 recycling plan and revenue sharing; (2) revised 2015-2016 commodity credits resulting in increased rates to all recycling customers; (3) the Company’s 2015-2017 recycling plan; and (4) a request that the Commission allow Sea Tac Disposal to retain up to 50 percent of the revenue received from the sale of recyclable materials during the 2015-2017 recycling plan period. The Company serves approximately 4,700 regulated residential recycling customers in King County.

REPORT ON 2014-2015 RECYCLING PLAN AND REVENUE SHARING

2 In Docket TG-141295, Order 01, the Commission required the Company to make a compliance filing consisting of the amount of recycling revenue it retained, the amount of money it spent on the activities identified in its 2014-2015 recycling plan, and the effect the activities had on increasing recycling. In its June 11, 2015, compliance filing, the Company reported it increased the diversion rate by 0.1 percent for the plan period, and

King County concurs. Therefore, Sea Tac Disposal met the performance standards to retain 5 percent of expenditures as an incentive.

PROPOSED 2015-2016 COMMODITY CREDITS

- 3 The Company filed replacement tariff pages on July 20, 2015, proposing a commodity credit decrease from \$0.80 to \$0.71 per month, resulting in an overall increase in recycling rates for single-family residential customers of \$0.09 per month. For multi-family customers, the filed tariff reflects a commodity credit decrease from \$0.31 to \$0.10 per yard, resulting in increased recycling rates of \$0.21 for the period August 1, 2015, to July 1, 2016. The proposed commodity credits reflect both the effect of the Commission-approved deferred accounting, and \$43,776 of commodity revenues apportioned to customers of the \$87,552 in total commodity revenues.

PROPOSED 2015-2017 RECYCLING PLAN AND REVENUE SHARING

- 4 Under RCW 81.77.185, the Commission shall allow a solid waste collection company collecting recyclable materials to retain up to 50 percent of the revenue paid to the company for the material if the company submits a plan to the Commission that is certified by the appropriate local government authority as being consistent with the local government solid waste plan and that demonstrates how the revenues will be used to increase recycling. The remaining revenue shall be passed to the residential customers.
- 5 Pursuant to that statute, on June 11, 2015, the Company filed with the Commission a Commodity Revenue Sharing Enhancement Plan for King County (Plan) for the period from August 1, 2015, to July 1, 2017. The Plan forecasts \$1,530,117 in revenue from the sale of recyclable commodities, and proposes to retain \$764,978 (49.9 percent) to spend on Plan activities.
- 6 The Plan identifies up to \$87,227 to be expended by Sea Tac Disposal on Plan activities, which include online consumer communication, multifamily recycling outreach, and school recycling education and outreach. The budget amounts are to be expended over two years.
- 7 Under the Plan, the Company will be limited to retaining up to 50 percent of the actual revenue received from the sale of recyclable commodities for the period from August 1, 2015, to July 31, 2016. Any excess revenue will not be carried over to the second year,

but will be returned to customers in the 2016-2017 recycle commodity credit. The Company will work with the county to make any relevant budget and plan adjustments, and will include those changes in its 2016 commodity credit filing.

8 The Plan's 2015-2017 budget includes an incentive payment of \$36,428, which is 5 percent of planned expenditures.¹ The Plan states, in part:

“[Sea Tac Disposal] is eligible for a financial incentive for achieving tangible results ...[f]or increasing diversion of materials from disposal by regulated residential customers, an amount equal to 5% of the company expenditures.”

Additionally, as set forth in the Plan, eligibility for the incentive will be determined by King County based on its satisfaction that the Company's expenditures of revenue sharing funds are consistent with the Plan's activities and budgets, and are subject to review by the Commission. Eligibility for the incentive will be determined on an annual basis.

9 Pat D. McLaughlin, King County Solid Waste Division Director, signed the Plan and certified that it is consistent with King County's Comprehensive Solid Waste Management Plan. King County recommends that the Commission allow the Company to retain up to 50 percent of the actual value of recyclable commodity revenues received each of the two years of the plan from August 1, 2015, to July 1, 2017.

10 Staff recommends that the Commission grant the Company's request to retain up to 50 percent of the recyclable commodity revenue collected during each year of the Plan, and allow the recycling commodity credits filed by Sea Tac Disposal on June 11, 2015, and revised on July 20, 2015, to go into effect August 1, 2015, by operation of law.

FINDINGS AND CONCLUSIONS

11 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates,

¹ On May 30, 2012, the Commission issued its interpretive and policy statement in Docket TG-112162 to address issues concerning implementation of recycling revenue sharing plans, including Incentives, Bonuses or Returns in paragraphs 26 through 32. The policy statement articulates that incentives should be conditioned upon or tied to achieving performance goals or objectives.

regulations, practices, accounts and affiliated interests of public service companies, including solid waste companies.

- 12 (2) Sea Tac Disposal is engaged in the business of providing solid waste services within the state of Washington, and is a public service company subject to Commission jurisdiction.
- 13 (3) This matter came before the Commission at its regularly scheduled meeting on July 30, 2015.
- 14 (4) Under RCW 81.77.185, the Commission shall allow a solid waste collection company collecting recyclable materials to retain up to 50 percent of the revenue paid to the company for the material if the company submits a plan to the Commission that is certified by the appropriate local government authority as being consistent with the local government solid waste plan, and that demonstrates how the revenues will be used to increase recycling. RCW 81.77.185 states that the remaining revenue shall be passed to residential customers.
- 15 (5) King County is responsible for managing waste through its Comprehensive Solid Waste Management Plan. The Director of King County's Solid Waste Division certified that Sea Tac Disposal's recycling plan is consistent with King County's Comprehensive Solid Waste Management Plan.
- 16 (6) The Plan includes a provision for an incentive payment of 5 percent of Sea Tac Disposal's planned expenditure. The Plan conditions the award of the incentive on achieving specific performance goals.
- 17 (7) Sea Tac Disposal's request to retain up to 50 percent of the revenue it receives from the sale of recyclable materials collected in its single-family and multi-family residential recycling programs from August 1, 2015, to July 1, 2016, is consistent with RCW 81.77.185, and the Commission finds that Sea Tac Disposal's request should be granted.
