Re: Docket TC-160847

Dear Mr. Johnson:

In Docket TC-160847, Order 01, Transportation Demand Management Inc. was granted forbearance from rate and service regulation under RCW 81.68.015 to operate the route between Yakima and Ellensburg, funded by grants from the Department of Transportation.

The order dictates that the authority language related to this forbearance be removed from the certificates of companies no longer providing this service.

Included is your amended certificate.

Sincerely

Mike Dotson
Transportation Specialist
