---

Betty - since we do not need the extension for the grant to complete the project I would like to rescind the request.

I apologize for any confusion about the earlier request for an extension. I thought the extension was for the project to be completed.

Thanks for your assistance with this project.

**Subject:** Rescind request for extension

Hi Paul – can you please send me an email rescinding your request for an extension of time to complete the Marguerite Street project. The request for extension was entered into the official docket, and I need something from you stating that you are rescinding the request because you've asked for grant reimbursement.

Thank you.
