Subject: Garbage Pick-Up Service Can-Am Point Roberts

This is on behalf of Can-Am 365 Tyee, Point Roberts.

It has been some time since we have had garbage service at Point Roberts. We are able to transport ourselves because an employee has the facility to do so.

I understand that there is a conflict between the former service operator and Freedom 2000 an operator proposing to offer service. I feel that this conflict has dragged on long enough and at the detriment of the Point.

We did not have a problem with the former service our pick-ups were timely and responsible. I know the operator of Freedom 2000 and do business with the principal David Gellarly on a daily basis. I feel that he would supply the necessary service in a responsible way.

Please, may this issue be resolved.

Sheelah Oliver
Manager, Can-Am Point Roberts WA.
