

BEFORE THE WASHINGTON  
UTILITIES AND TRANSPORTATION COMMISSION

In the Matter of the Joint Application of  
Puget Sound Energy, Alberta Investment  
Management Corporation, British Columbia  
Investment Management Corporation,  
OMERS Administration Corporation, and  
PGGM Vermogensbeheer B.V. for an Order  
Authorizing Proposed Sales of Indirect  
Interest in Puget Sound Energy

Docket U-180680

PETITION TO INTERVENE  
OF THE NW ENERGY COALITION

Pursuant to WAC 480-07-355, the NW Energy Coalition (Coalition or NVEC) hereby requests permission to intervene in the above-referenced proceeding at the Washington Utilities and Transportation (Commission or UTC). The Coalition requests intervention with full party status as described in WAC 480-07-340. In support thereof, the Coalition asserts the following:

- A. The Coalition's business address is:

NW Energy Coalition  
811 1<sup>st</sup> Avenue, Suite 305  
Seattle, WA 98104

- B. The NVEC will not be represented by counsel in this proceeding. Amy Wheeless, Joni Bosh, and Wendy Gerlitz of the NW Energy Coalition are designated for service of all documents in this matter and will accept electronic service only (no hard copies) at the following addresses:

NW Energy Coalition  
811 1<sup>st</sup> Avenue, Suite 305  
Seattle, WA 98104  
[amy@nwenergy.org](mailto:amy@nwenergy.org)  
[joni@nwenergy.org](mailto:joni@nwenergy.org)  
[wendy@nwenergy.org](mailto:wendy@nwenergy.org)

- C. The Coalition is a non-profit organization under section 501(c) of the Internal Revenue Code. The Coalition's primary purpose is to promote an energy future that is clean, reliable, affordable, and equitable. The Coalition provides technical and policy leadership on energy issues in this region, and seeks to promote the development of renewable energy, energy conservation, and affordable energy services through measures like building codes, investments in renewable energy through financial incentives and other means, reduced reliance on fossil-fueled generation power plants, restoration of fish and wildlife harmed by the Northwest's hydropower system, increases in energy resource diversity to protect Washington from the effects of drought and climate change, stabilization of consumer energy bills, local economic and job growth, and reductions in greenhouse gas emissions and air pollution.
- D. The Coalition has substantial interests in the specific subject matter of this action. In 2008, the Coalition participated as an intervenor and party to the settlement in U-072375, when Macquarie acquired the share they are now selling. The Coalition also intervened and participated in the settlement of Puget Sound Energy's 2017 rate case (UE-170033, UG-170034). The Coalition understands which of the commitments from the 2008 settlement have been met and which have yet to be fully addressed, the commitments from the 2017 rate case settlement, as well as actions that should be supported by the new owners, given the evolving electric sector.
- E. The Coalition's intervention in this proceeding will assist the Commission in resolving the issues, particularly concerning the public interest related to clean and affordable

energy. The Coalition's intervention will not unreasonably broaden the issues, burden the record or delay the proceeding.

- F. For the foregoing reasons, the NW Energy Coalition respectfully asks the Commission to grant this Petition to Intervene in this proceeding and the adjudication process.

Respectfully submitted this 14<sup>th</sup> day of November, 2018,

/s/ Amy Wheelless  
NW Energy Coalition
