Dear Utilities and Transportation Commission Washington State,

I join others in calling on the Utilities and Transportation Commission to do everything in its power to ensure that people have access to stable, debt-free utility service during this pandemic and fire season and beyond. This includes:

- Extend the moratorium on utility shut-offs to whenever all the counties in a utility's service territory have been in Phase 4 of Washington's Safe Start Plan for at least 60 days.
- No debt for poor and working class families.
- Just, simple payment plans for all utilities.
- No late fees, disconnection fees, or reporting to credit agencies.
- Ratepayers should not have to pay for all COVID costs during this global crisis -- utilities must consider cutting executive and/or shareholder pay to ensure people's basic health and safety.

Regards,
Peter Fels
