**Re: Consolidated Matters: Jammie's Certificate Application / Basin Disposal v. Jammie's Dockets TG-220243 and TG-220215**

Dear Ms. Maxwell:

Jammie's Environmental Inc. ("Jammie's") inadvertently filed the Second Exhibit to the Prefiled Direct Testimony of Owen J. Scott (220243-220215-JEI-Exh-OJS-03-09-16-22.pdf) without the required mark-ups designating confidential information. This document is a Purchase Order Between Jammie's Environmental, Inc. and Packaging Corporation of America ("PCA"). Shaded information in these documents is designated as Confidential per WAC 480-07-160 and the Protective Order in the above dockets because they contain Jammie's valuable commercial and financial information. The public disclosure of this information would cause Jammie's and PCA competitive harm.

We ask that you replace the originally filed document with the confidential and redacted versions of the same document submitted with this letter.

Please do not hesitate to contact me if you have any questions.

Very truly yours,

David S. Steele
