RE: American Water Resources, Inc.  
Compliance Filing  
WUTC v. AWRI – Docket Nos. UW-031284 and UW-010961  
(consolidated): **LSN REQUEST FOR JANUARY 13, 2005**

Dear Ms. Washburn:

Enclosed for filing are revisions to sheets 17.1 and 18.1 of the tariff of American Water Resources, Inc. (AWRI).

The effect of this tariff is to reflect a credit of \$34 per month, which has already been issued to customers under the assumption that the tariff pages filed and amended in November would be approved.

The LSN is requested to avoid customer confusion. The company made the erroneous assumption that the compliance filing that gave the credit would be approved. The company understands that the filing was rejected because the Commission could not technically consider the change. The reason this credit was issued was to return as much of the Docket Account to the customers as quickly as possible. If this tariff is not approved, the company will have to take back the credit, causing much customer confusion and calls to both the company and Commission staff.

Sincerely,

Julia M. Parker
