Re: TG-101850 - Harold LeMay Enterprises, Inc. G-98 d/b/a Harbor Disposal Co. and EGH Disposal  
Petition – Revised Tariff Pages and Additional Customer Notice Waiver Request –  
PLEASE DO NOT REDOCKET

Dear Mr. Danner:

Enclosed please find substitute tariff pages for Tariff No. 12 for the above-captioned rate filing by Harold LeMay Enterprises, Inc. d/b/a Harbor Disposal Co. and EGH Disposal (“the Company”). These pages reflect the proposed settlement of this general rate filing that has tentatively been agreed to by the Commission staff and the Company and which is now scheduled to come before the Commissioners at the Open Meeting on Thursday, December 30, 2010.

The Company duly noticed all its affected customers in this matter in November and, in those notices, informed all its affected customers that the rates to be established by the Commission could be higher or lower than were originally noticed. Because some of the negotiated rates in this settlement now involve rates that are in fact higher and lower than the original notice, the Company requests a waiver of WAC 480-70-276 in order to allow the tariff pages to become effective on their originally intended date of January 1, 2011. Moreover, because some of the revised rates will result in increases above the levels the Company originally proposed and noticed to its customers, the Company also requests a waiver of WAC 480-70-271 to allow those rates to become effective on less than 30-days’ notice and, thus, the Company asks for a technical waiver of the application of rules in WAC 480-70-276, WAC 480-70-266 and WAC 480-70-271.

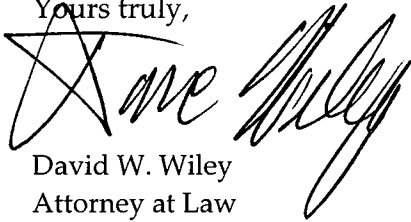

Finally, the Company respectfully asks the Commission to authorize it to notify its customers of the negotiated proposed rate levels on the customers’ next regular billing cycle.
