Subject: Transmittal Letter for Revised Tariff No. 5
d/b/a WHIDBEY-SEATAC SHUTTLE Certificate Number C-1077

Dear Mr. Danner:

Included with this filing is a new section of passenger rules of Tariff No. 5 stated on revised page 3 titled "Passenger seating". The additional language serves only to restate the obvious, that one passenger fare entitles the purchaser thereof to one seat. There is no suggestion in the current passenger rules that one passenger fare entitles the purchaser thereof to an unspecified or unlimited amount of seats. This language neither implies nor implements any changes to fares or revenues. There are **no** rate increases or effects upon revenue by this new section, either positive or negative. It is rate independent.

This Tariff revision is filed under the time requirement specified by WAC 480-30-301 and requires one business day notification the Commission. Hence, an effective date of August 18, 2011. A previous rejection of this language was incorrect and misguided.

Thank you very much.

Sincerely,

John J. Solin
