Subject: FW: A Street NW- Spur Crossing Signalization Plans for USDOT: 9445561A

Pablo,

I am forwarding this email to the UTC Records Center so the proposed signalization plans can be officially filed in TR-121883.

I will review the signal design plans and get back to you with a few days. Can you confirm that the Respondents, Gate, Gates and Gates LLC (Owner), AMPAC (Leesee) and BNSF Railway (Operator) are in support of the signal design by providing an email or letter from them documenting their position.

Thank you.
