15. Driver Inspection Violations16. Relevant Carrier History:

17. Findings:

I conducted a compliance review on this provisional household goods carrier. Four paperwork violations were noted of the driver qualification files; the owner had failed to maintain documentation of the drivers road test certificates, and the annual review of driving record and violations list. I inspected the moving trucks and noted four defects that included inoperable back up lights, inoperable horn and missing warning devices for stopped vehicles. One vehicle did received a CVSA sticker. This compliance review resulted in a satisfactory safety rating.

🗆 Yes 🛛 No **18. Recommended Safety Action:**

19. Is this carrier considered a high risk carrier as a result of this activity? □ Yes ⊠ No 20. Additional Comments:

I would recommend this provisional permit be considered for issuance of a permanent household goods authority.
