JUDGE PEARSON: So when you say "they," who do you mean? MR. MOORE: The gas company. JUDGE PEARSON: So the gas company what was? MR. MOORE: Cascade Natural Gas. JUDGE PEARSON: Cascade said that there were no gas lines in the yard? MR. MOORE: They did not mark any gas lines in the yard. JUDGE PEARSON: Okay. Go ahead. MR. Whitman was going to take the stump out, and they were going to dig it out, and they are the ones that called for the locate. So when I went, it was on the 2nd of July, they were trying to get this thing done because they had the sidewalk, they were excavating that. That gas line crossed the sidewalk, crossed that wall, and went up in the yard.

Well, I think that, according to the report, that they're being disingenuous, because they said that it was outside of the excavation area. The whole point of them doing this excavation was to take that wall out of there and excavate that yard down. That's the reason they took the tree out so was so they could excavate the yard down. JUDGE PEARSON: So I have a question. Are these before and after pictures? MR. MOORE: They are. JUDGE PEARSON: Okay. MR. MOORE: They are. JUDGE PEARSON: So this is a picture before the work was done? MR. MOORE: That's correct. JUDGE PEARSON: And this is a picture after? MR. MOORE: A picture after the work. JUDGE PEARSON: So they changed the front of the building?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	sidewalk was to be excavated, that wall was to be excavated, the yard was to be excavate.
