October 24, 2018

NOTICE OF RECESSED OPEN MEETING
(Immediately following the Open Meeting on Friday, November 30, 2018)

Re: Avista Corporation's 2018 Integrated Resource Plans for Natural Gas,
Docket UG-170940

TO ALL INTERESTED PERSONS:

The Commission will review Avista's integrated resource plan for natural gas service at a recessed open public meeting. Avista representatives will present the Plan to the Commission and respond to questions from the Commissioners and the public at the recessed open meeting of the Commission to be held **on Friday, November 30, 2018, following the regular Open Meeting**. The meeting will be held at the Commission's headquarters, Room 206, Richard Hemstad Building, 1300 S. Evergreen Park Drive S.W., Olympia, Washington. An integrated resource plan (IRP or Plan) describes the energy supply and conservation designated to meet current and future energy demands at the lowest reasonable cost and risk to the utility and its ratepayers.

A copy of the IRP is on file in the library at the Commission's offices in Olympia, and on Avista's website at <https://www.myavista.com/about-us/our-company/integrated-resource-planning>. Requests for copies of the Plan should be directed to Avista.

The Commission's teleconference bridge line will be available for the recessed open meeting. The Commission prefers and recommends that interested persons participate in person and share ideas. However, if this imposes a hardship, interested persons may participate at the workshop via the Commission's teleconference bridge at **(360) 664-3846**. The conference bridge, however, is limited to 22 access lines.

The IRP is a product of Avista filed under requirements in WAC 480-90-238. Questions for Avista can be directed to the Company by email at Tom.Pardee@avistacorp.com or by calling Tom Pardee at (509) 495-2159. Questions for Commission staff may be addressed to David Nightingale by email at dnightin@utc.wa.gov or by calling (360) 664-1154. When inquiring about the subject of this Notice, please refer to Docket UG-170940.
