

REPORT OF LEWIS RIVER TELEPHONE COMPANY, INC. D/B/A TDS TELECOM
 UNDER THE
 WASHINGTON UNIVERSAL COMMUNICATIONS SERVICES PROGRAM
 IN COMPLIANCE WITH WAC 480-123-130

July 1, 2020

Docket No. UT-190602

File electronically

1. WAC 480-123-130(1)(a) - Access Lines Served [NECA 1.3 working loops]

	January 1, 2019	December 31, 2019
Residential	3,802	3,735
Business	403	396

2. WAC 480-123-130(1)(b) - Use of Support

The funds received by the Company from the universal communications services program in calendar year 2019 represent monies that the Company formerly received through the Washington Exchange Carrier Association (WECA) pooling process and the reduction of support under the Federal Communications Commission's (FCC's) Connect America Fund InterCarrier Compensation (CAF ICC) program. As such, the funds from the universal communications services program contributed to defrayal of the ongoing operation and maintenance expenses of the Company. The funds from the universal communications services program are contributing to the Company's ongoing provision of high-quality basic telecommunications service to customers residing in the area the Company serves.

In December 2020, the Company received \$181,991 from the universal communications services program for the fiscal year ending June 30, 2020.

During the first six months of 2020 the Company worked on major projects as follows: 1) FTTH Riverside Estates (\$116,000); 2) Vectoring to increase broadband speeds (\$55,000); 3) Make ready pole project Clark County PUD (\$16,000); 4) Routine Drops (\$32,000); and 5) Back-up Batteries (\$70,000). In addition, the Company has budgeted \$464,000 for A-CAM improvements for 2020. The funds received from the universal communications services program can be viewed as contributing to the Company's ability to perform these projects plus cover normal operating expenses. The Company opens all major projects that are budgeted early in the year thus those described above will

continue throughout 2020 in addition to routine maintenance, cable additions and other projects that will be done as needed.

3. WAC 480-123-130(1)(c) - Unfilled Consumer Requests for New Basic Telecommunications Service*

None

* Service requests that are ongoing, but still within normal processing times are not counted as unfulfilled.

4. WAC 480-123-130(1)(e) - FCC Form 477

This form was previously filed on or about March 1, 2020 under Docket UT-200002.

5. WAC 480-123-130(1)(f) - Report on Operational Efficiencies/Business Plan Modifications

The Company is part of a major holding company which results in efficiencies and economies of scale that are not available to most Rural LECs and there are on-going efforts to find more ways to cut costs while improving broadband service and continuing to provide high-quality basic telecommunications services. The funds received from the universal communications services program can be viewed as assisting in the Company's efforts to obtain operational efficiencies.

6. WAC 480-123-130(1)(g) and (h) - Other information
