April 20, 2023

Dear Commercial Customer,

This is to notify you of a proposed change to commercial service rates for solid waste collection in the Hanford area where Basin Disposal, Inc. operates. Should the Washington Utilities and Transportation Commission (Commission) approve the proposal, the customers will experience a rate increase throughout all classes of service as follows:

Commercial Can/Container Service	Service Frequency	Current Rate	Proposed Rate	Increase \$ Per Month
11 Yard Drop Box	On-Call	\$100.25	\$164.00	\$63.75
20 Yard Drop Box	On-Call	\$110.28	\$174.00	\$63.72
30 Yard Drop Box	On-Call	\$110.28	\$174.00	\$63.72
40 Yard Drop Box	On-Call	\$130.33	\$184.00	\$53.67
Mileage	On-Call	\$3.21	\$4.45	\$1.24

As you may be aware, it has been nearly six years since our last general rate case. In that time, Basin Disposal, Inc. experienced significant increases in costs that are essential to delivering services, including labor, insurance, fuel, maintenance expenses, along with federal and state employment taxes. In addition, the company continues to acquire new assets to ensure it can deliver the safest, most efficient, and reliable service possible. If approved, the proposed rates will become effective on June 1, 2023.

The proposed rate increase for our Commercial services ranges from approximately 14.71% to 57.78% and not all offered services are listed above. If you have questions about the proposed rate increase, you may contact the company at (509) 547-2476.

The Commission has the authority to set final rates that may be either lower or higher than the company's request, depending on the results of its investigation. You can comment on the case by using the "Submit a Comment" feature at the Commission's Web site at www.utc.wa.gov or by using the contact information below.
