**EXHIBIT ACC-12**

Puget Sound Energy Response to WUTC Staff Data Request No. 288

**July 28, 2022**

**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**

**Dockets UE-220066 & UG-220067  
Puget Sound Energy  
2022 General Rate Case**

**WUTC STAFF DATA REQUEST NO. 288:**

REQUESTED BY: Hanna Navarro

**Re: Capital Planning**

Regarding PSE's response to Staff Data Request 113. When did PSE first conduct this analysis comparing SAIDI and SAIFI for highly impacted communities and vulnerable populations relative to the general customer base?

**Response:**

Puget Sound Energy ("PSE") calculated System Average Interruption Duration Index and System Average Interruption Frequency Index for highly impacted communities and vulnerable populations for the first time in September 2021. This followed the completion of the Integrated Resource Plan analysis, which first identified specific highly impacted communities and vulnerable populations within PSE's service territory.
