WORKSHOP AGENDA

RE: AMI Rulemaking, Docket U-180525

TO ALL INTERESTED PERSONS:

On December 21, 2018, the Washington Utilities and Transportation Commission (Commission) issued a Notice of Workshop scheduled for March 13, 2019, in this docket notifying interested persons that the Commission will conduct a workshop on proposed modifications to the Commission's consumer protection and meter-related rules concerning deployment of Advanced Metering Infrastructure (AMI) technologies.

Persons participating in the workshop should be prepared to discuss the following issues:

9:30 – 9:45 Introduction and identification of participants

9:45 – 10:45 Remote disconnection

- A. Types and timing of customer notification
- B. Limitations
 - 1. Site visit for certain types of (or all) customers
 - 2. Customer-initiated disconnects
 - 3. Temperature moratorium
 - 4. Time of day restrictions
 - 5. Measures to prevent unauthorized disconnects
 - 6. Mandated time frames for reconnects

10:45 – 11:00 Break

11:00 – 11:45 Privacy

- A. Nature and extent of data collected
- B. Extent to which data may be shared individually and in the aggregate
- C. Utility liability for unauthorized disclosure of customer information

11:45 – 12:00 Meters

A. Reliability.

B. Customer recourse for errors or malfunction.

12:00 – 12:15 Closing comments and next steps

12:15 Adjourn

The estimated times are approximate and will vary depending on the discussion. The workshop is scheduled for the entire day, and although the Commission does not expect it to extend behind the morning, the Commission is prepared to continue discussions into the afternoon if they are productive. Workshop participants may raise additional issues for discussion to the extent that time allows.
