RE: *Washington Utilities and Transportation Commission v. Pacific Power & Light Company*,  
Docket UE-152253

TO ALL PARTIES:

On September 1, 2016, the Washington Utilities and Transportation Commission (Commission) entered Order 12 in the above-referenced docket, which, among other things, required Pacific Power & Light Company (Pacific Power or Company) to file a report with its Commission Basis Reports (CBR) disclosing its decommissioning and remediation (D&R) costs for Colstrip Unit 4 and the Bridger plant.

On April 30, 2019, the Company filed its CBR with the Commission, which was assigned to docket UE-190322 and included the Company's D&R Report for 2018. On May 22, 2019, Commission staff (Staff) filed a letter informing the Commission that it had reviewed the revised compliance filing and believes that the D&R Report complies with Order 12.

The Commission has reviewed the D&R Report and finds that it complies with the D&R reporting requirement in Order 12 for 2018.
