Re: UT-031755

Dear Mr. Dittmore:

As required under WAC 480-120-414, please find the following information as it relates to Infonet Telecommunications Corporation's Emergency operations:

- 1) The Disaster Services Coordinator is Wayne Turk, Vice President, Customer Care. His telephone number is 310-335-2600. He may be paged at 1-800-759-8352, pin #4473074. The alternate contact is Cesar Portugal, Senior Director, Customer Care. His telephone number is 310-335-2600.
- 2) As Infonet Telecommunications Corporation is primarily operating as a reseller of services, Infonet Telecommunications Corporation relies on the emergency operation plans of the underlying provider of services it resells. Infonet Telecommunications Corporation does not maintain its own facilities or staff within the state of Washington at this time. Our Disaster Services Coordinator will work with the underlying provider of services if an emergency arises that affects our customers.

Please contact me if you have any questions or need any further information.

Sincerely,

Steven L. Mashal  
Corporate Counsel
