Subject: [EXTERNAL] Plan - Open Questions

Hi skyler,

I wanted to keep you up to date on the proposal process. I am putting the final touches on a few plans, both for the short term and for the long term, to help solve our problem. Through this, two questions have popped up that I was wondering if I could get some help on?

1. What is the lead time and process to get a designated area onsite to be approved as a bunker/holding area?
2. What is the process/lead time to get onsite approval to bring in a loader and have one of our employees operate it?

Thanks,
Charlie
