To Whom it may Concern.

I was under the impression that a post mark of the due date was adequate as is the case with other State & Federal taxes and reports etc. When I mailed our quarterly taxes & Reports May 1 2006 I also mailed the Annual U.T.C. Report & Fee, as this has been ok in past years I felt this was still the policy.

Your letter mentioned to indicate our selection on the enclosed form we didn't receive the form so our selection would be mitigation.

Thanks

Robert L. Nichols
