---

The Jolly Trolley is a wonderful addition to the island and is a nice choice over buses, especially when trying to view our beautiful island. The sides open up for open viewing. Much more fun for kids and adults alike. There is plenty of business to go around. Why squash someone's creativity and ambition when they are adding value to the tourism on this island. Please allow them to continue their business plan in the same direction they are presently pursuing!

Sincerely,  
Joy Lord
