**RE: Docket UE-171092 —DO NOT REDOCKET
Substitute Biennial Conservation Plan and Appendix 2, Demand Side Management
2018-2019 Business Plan**

On November 1, 2017, Pacific Power & Light Company, a division of PacifiCorp (PacifiCorp or Company), submitted its 2018-2019 Biennial Conservation Plan in the above-referenced docket with the Washington Utilities and Transportation Commission. Subsequent to filing, Commission staff's review of the Company's Biennial Conservation Plan identified inconsistencies in Table 4. 2018-2027 Energy Efficiency Forecast – Summary of Adjustments in the Company's Biennial Conservation Plan. Specifically, the cumulative total for behavioral programs was added incorrectly. Staff had further recommended edits or updates to the Biennial Conservation Plan to provide better clarification. The Company also identified other corrections necessary in the Biennial Conservation Plan and Appendix 2, Demand Side Management 2018-2019 Business Plan.

Attached is a summary of the changes made to the Biennial Conservation Plan and Appendix 2 following Staff and Company review.

Informal questions regarding this filing should be directed to Jason Hoffman at (503) 331-4474.

Sincerely,

_____/s/
