SCHEDULE 80A - CONTINUED Advanced Metering Infrastructure (AMI) Opt-Out - Pilot

(T)

AVAILABILITY:

1. The services described herein are available to single-family residential homes, including multi-plexes up to four units, for the purpose of a customer's choice to have a noncommunicating meter. AMI meters, sometimes referred to as "smart meters," are digitial meters equipped with wireless communication capabilities. Customers that request to have a non-communicating meter must meet the requirements and responsibilities for service outlined in this tariff schedule. Customers who net meter are not eligible for a noncommunicating meter.

(T)

TERMS AND CONDITIONS:

1. The Company shall not initiate the process to provide non-communicating meter service before it has received the Customer's signed, written request in the Application Form on file with the Commission.

(C)

- 2. Customer will be required to pay the ongoing administrative and operational costs associated with the manual reading of the non-communicating meter, and other fees and charges associated with the non-communicating metering service that may be assessed for each eligible meter, as noted in the Fees Section of this tariff.
- 3. Customer may be required to pay a One-Time fee if they call in after installation of the new AMI meter requesting a non-communicating meter. This fee is to cover the costs of the labor and transportation associated with the installation. The One-Time Fee is noted in the Fees Section of this tariff.
- 4. Customer account with a non-communicating meter will be billed monthly based upon estimated monthly reads.
- 5. The Company is under no obligation to physically read the meter more frequently than once a quarter.
- 6. The Company may refuse or revoke the installation of a non-communicating meter at the Customer's premises for the following conditions, but not limited to:
 - a. when safe access is not available for the Company's personnel and standard equipment;
 - b. current or past incidents of Customer meter tampering; or
 - c. current or past incidents of the Customer impeding the Company's access to the meter to obtain meter reads, perform maintenance or to disconnect meter for non-payment of electric service.
