RE: Docket No. UG-950392 – Amendment to Exhibit A - Filed Electronically

Dear Mr. Danner:

Enclosed for filing by Puget Sound Energy, Inc. (“PSE”) are three copies of Revision Nine of the special contract agreement between a predecessor company, Washington Natural Gas Company, and the Boeing Company (“Revision Nine”). The special contract agreement (the “Contract”) was approved by the Commission under the provisions of WAC 480-80-355 (now WAC 480-80-143) in Docket No. UG-950392.

Revision Nine does not make any significant changes to the Contract and is limited to making a change to Exhibit A to the Contract. Exhibit A lists the locations served under the Contract and the amount of firm and interruptible gas to be delivered to each location. The purpose of Revision Nine is to remove one location that has been served under the Contract. This change was requested by Boeing on October 5, 2011 but not finalized until the sale was consummated.

The attached Revision Nine contains customer specific information and, therefore, PSE requests that it be treated as “Confidential” and identifies the Boeing Company as the party that may be affected by disclosure of the information contained in Revision Nine. In accordance with WAC 480-07-160, Revision Nine has been marked as “Confidential per WAC 480-07-160”. A redacted copy of Revision Nine is enclosed with the electronic filing and a confidential version will be submitted via U.S. mail.

Please contact Lynn Logen at (425) 462-3872 for additional information about this filing. If you have any other questions please contact me at (425) 462-3495.

Very truly yours,

Tom DeBoer
