**NOTICE OF BENCH REQUESTS
(Due by Tuesday, February 19, 2013)**

RE: *Washington Utilities and Transportation Commission v. PacifiCorp d/b/a Pacific Power & Light Company*, Docket UE-130043

The following bench requests are directed initially to PacifiCorp. Please respond no later than Tuesday, February 19, 2013. Earlier responses will be appreciated inasmuch as these facilitate analysis of the Company's revenue requirements by the Commission's advisors.

Albeit initially directed to PacifiCorp, these are continuing bench requests with respect to which all parties are required to respond at the time they file exhibits corresponding to the revenue requirements exhibits identified in Bench Request No. 1 for PacifiCorp, or file revised revenue requirements exhibits or supplemental revenue requirements exhibits. Parties that do not file full results of operations cases should explain in detail how the recommendations of their witnesses, if adopted, affect the results of operations shown in PacifiCorp's exhibits. The Commission expects parties to use common nomenclature and number references when identifying adjustments, or provide cross-references to the Company's nomenclature and adjustment numbers, when their proposals affect a Company sponsored adjustment.

Bench Request No. 1: Please provide Mr. McDougal's Exhibits SRM-2 and SRM-3 in electronic spreadsheet files in Excel format, with formulas not converted to values or otherwise modified. All spreadsheets displaying results of calculations based on formulas must include all formulas and links to supporting documents and **do not include locked, password protected or hidden cells**. Hardcoded values that cannot be linked must be cross-referenced so that their sources and destinations are readily identified. Please provide the requested file(s) on a CD.

Bench Request No. 2: Please provide electronic spreadsheet files in Excel format, for any other exhibits that flow into the results of operations including all adjustments furnished by other witnesses. Include all linked files with all formulas and formatting in every

spreadsheet intact (formulas not converted to values or otherwise modified from original) and **do not include locked, password protected or hidden cells**. Hardcoded values that cannot be linked must be cross-referenced so that their sources and destinations are readily identified. Please provide the requested file(s) on a CD.

DENNIS J. MOSS
