Dear Kent,

Please find attached outage data that we have thus far.

Can you confirm that you have electric service at the water tower at 190 Donahey?

We're not finding a meter via our internal system. However, we could provide outage data for a neighboring property if that would suffice? If you do indeed have a meter at 190 Donahey, we will work with our field personnel to determine the meter number, update our Maps and Records, and then pull the reliability records. Bear in mind this process could take some time to complete.

Sincerely,

Jacquelyn
