AT&T Communications of the Pacific Northwest, Inc.; AT&T Local Services on behalf of TCG Seattle; and TCG Oregon (collectively "AT&T") hereby request an extension of time to respond to the Data Request in Order No. 6 requiring AT&T to review and certify information from Qwest Corporation ("Qwest").

AT&T purchases products and services from Qwest in Washington. Pursuant to Commission Order, on or before July 18, 2003, Qwest was required to provide AT&T with data to be reviewed for possible certification. AT&T was required to certify Qwest's data on or before July 25, 2003.

AT&T received the information from Qwest on July 24, 2003, one day before AT&T was to file its certification. Although AT&T has begun the process to review the information and provide the necessary certification, it will not be able to complete its tasks by today.

As a consequence, AT&T hereby requests an extension of time. AT&T will complete its review and submit its certification as soon as possible, but AT&T requests an extension through and including July 31, 2003, to allow AT&T seven days, as originally allowed, for review and certification of this information from Qwest.

Respectfully submitted this 25th day of July 2003.
