**NOTICE REQUIRING PARTIES TO REFILE TESTIMONY
(By Wednesday, July 14, 2004)**

RE: *WUTC v. PacifiCorp*,
Docket No. UE-032065

TO THE INDICATED PARTIES:

The following parties filed testimony and/or exhibits on July 2, 2004, that do not conform to the requirements of the Commission's procedural rules, chapter 480-07 WAC:

- Commission Staff
- Public Counsel
- NRDC
- The Energy Project

Uniform requirements concerning the form and marking of prefiled testimony and exhibits are imposed by rule to promote ease of reference in subsequent rounds of testimony, at hearing, and in briefs. Failure to conform to these requirements results in inefficiency and confusion.

NOTICE IS HEREBY GIVEN That the parties identified above are required to refile their testimonies and exhibits in conformance with the Commission's procedural rules, as specified in the attached table, on or before July 14, 2004.

Sincerely,

DENNIS J. MOSS
Administrative Law Judge

PARTY	DEFICIENCY	APPLICABLE RULE
Staff	<p>Testimony of Stephen G. Hill includes four appendices that should instead be attached as four individual exhibits marked and paginated as required.</p> <p>The exhibit currently marked as Exhibit __ (SGH-1) appears, in fact, to be 11 separate exhibits (designated as “schedules” with individual page numbers for each schedule). The individual schedules should be marked and paginated as separate exhibits.</p> <p>Narrative testimony should be revised to include appropriate reference to properly identified exhibits.</p>	WAC 480-07-460
Public Counsel	Entire testimony of Jim Lazar is designated as confidential with no highlighting of specific information asserted to be confidential. Only pages containing confidential information should be filed on colored paper and specific information asserted to be confidential must be highlighted.	WAC 480-07-160 (See also Order No. 03—Protective Order With “Highly Confidential” Provisions)
NRDC	<p>Testimony of Ralph Cavanagh includes two “attachments” that should be filed as two individual exhibits marked and paginated as required.</p> <p>Narrative testimony should be revised to include appropriate reference to properly identified exhibits.</p>	WAC 480-07-460
The Energy Project	Testimony of Charles Eberdt is not paginated and was not submitted on 3-hole punched paper	WAC 480-07-460
